Fourth of July Picnic

This coming Association meeting is the last one before the fourth of July. The Association is going to have the Fourth of July picnic at the same pavilion they had it at last year on Kessler Field where the Community activities will be taking place.

The Association is providing the meats, drinks and plastic wares. The members will be providing the side dishes and desserts. Those wishing to come to the picnic, we will be eating at approximately 1600 hours. We'll have a sign up sheet at the upcoming meeting so that we can get an idea of how many people we need to buy for. We also need to know what side dish or dessert you plan to bring. If you wish to attend the Fourth of July picnic and cannot make the next meeting to sign up, call me at 0170-4140862.

As always, everyone is invited but guests will have to pay. The price will remain the same as last year. The price for guests will be \$10 for each adult and \$5 for each child.

DFAS Adds New Security Measure to *myPay*

myPay officials recently announced another security feature has been added to protect customers' data on the pay account system. The Defense Finance and Accounting Service (DFAS) has started the "virtual keyboard" to help protect against malicious software such as spyware, trojans and keylogging. Each time a user arrives at **myPay** to log on, the virtual keyboard will appear on the screen. Users will type in their LoginID and then "press" the keys on the screen by clicking on them with the mouse to enter their Personal Identification Number (PIN) instead of typing the actual keys. The virtual keyboard is to be used only for the

user's PIN. To enhance security, the keys on the keyboard are displayed randomly and are changed every time the page is refreshed.

To Login to **myPay** using the virtual keyboard:

1. Type LoginID under Account Access on the homepage.
2. Next, click on the numbers and letters(if using a restricted access PIN) of your PIN using the mouse and virtual keyboard on the screen. (Each number and/or letter will appear as an asterisk in the textbox above the virtual keyboard.) When finished, click the "GO" button.
3. Once in, myPay users will continue to navigate as usual.

To access a retiree or annuitant pay account, or to learn more about **myPay**, eligible users are encouraged to visit the Web site at <http://mypay.dfas.mil>. Those wishing to establish a **myPay** account can find information on the internet at [How to get a myPay PIN](#).
